

# Forks River Focus

## On the Horizon

TCAP testing will be the first week of April. Please begin now helping your child prepare for their biggest test of the year. You can help them by seeing that they are completing and turning in all assignments and encouraging students to work on test prep programs like Study Island at home. These sites are based on the state of TN standards on which the students will be assessed. It is essential that students are prepared and ready to give their best effort the week of April 5th—9th!!

### Upcoming Events

Jan. 18—No School

Feb. 2—State Writing Assessment for grades 5th and 8th

Feb. 15—No School

Feb. 23—Report Cards

March 1-4—Think Link Assessment

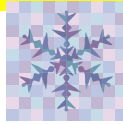

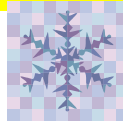

March 5—No School

March 31—Report Cards

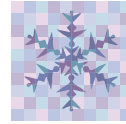

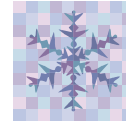

April 2—No School

April 5-9—TCAP Testing

April 12-16—Spring Break

## Snow Days

\*\*In the case of bad weather and schools are closed or let out early there will be NO school events—( ballgames, programs, etc.)

\*\*If school is running one hour late and school is scheduled to begin at 9:00 then the cafeteria will serve breakfast; however, if school opens at 10:00 then breakfast will not be served here at school. This is because the cafeteria has to prepare lunch which begins being served at 10:30.

\*\*Our community safe calling program may or may not call you every time there is a school closing. If Mr. Lewis can notify all news stations the night before to close schools he may not send out a community safe call for everyone.

## Calling all FRS Alumni !!

We are in the process of updating and revising the FRS website. We would like to add a link to the site for the history of FRS and alumni information. We are looking for people to submit short stories including their memories of their days here at our school. Please send in any stories that you know of to Mrs. Anderson at: [andersonh1@k12tn.net](mailto:andersonh1@k12tn.net)

Please make these stories 100 words or less. We are looking forward to reading all of the many wonderful ways that this school has touched so many lives.

## Websites for Home

[www.kids.gov](http://www.kids.gov)—all ages

[Www.multiplication.com](http://Www.multiplication.com) - grades 3-8

[Www.gamequarium.com](http://Www.gamequarium.com)—grades Pre K -6

[Www.brainormous.com](http://Www.brainormous.com)—grades 1-8

[www.studyisland.com](http://www.studyisland.com) - Students have their own username and password for this program. (Grades 4-8)

<http://assignments.discoveryeducation.com> - This website is for practice probes that are based on the TN state standards. For grades 4-8, your child's teacher should have a list of practice probe codes to be completed prior to TCAP. These are a great way to assist your child with essential skills.

Please notify the school at 615-897-2676 if you need special assistance or have special needs for any school event. We are happy to accommodate those with special needs.
